

# UNLOCK FINANCIAL POWER FOR INFLUENCERS & YOUTUBERS WITH EMBEDDED BANKING

Take your content creation to the next level with **customized financial tools** designed specifically for influencers. With Mbanq's embedded banking, you can seamlessly integrate financial services into your platform, transforming your audience into loyal customers and unlocking new revenue streams.

# WHAT EMBEDDED BANKING MEANS FOR YOUR AUDIENCE

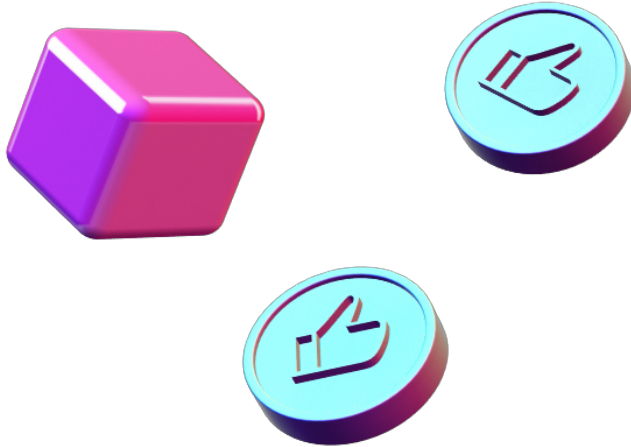

## For Fans & Followers:

Fans get exclusive benefits such as personalized debit cards, loyalty programs, and easy access to premium content. This deeper engagement fosters stronger community ties and boosts their sense of connection to your brand.

## For Sponsors & Partners:

Embedded banking offers new avenues for sponsorship, such as co-branded financial products and access to rich data analytics. These tools help sponsors target their audience better, creating mutually beneficial revenue-sharing opportunities while expanding your brand's influence.

**By offering tailored financial services, you can elevate your brand's impact for both your audience and business partners.**

## Monetize Your Influence

Boost earnings with integrated tools for **sponsored content, merchandise sales, and subscription services** — all managed in one streamlined platform. By embedding financial solutions, you simplify your income management, allowing your fans to support you directly.

### ■ In-platform payments:

Allow followers to make seamless payments for exclusive content, merchandise, and even event tickets.

### ■ Recurring subscriptions:

Offer premium services or membership tiers with automatic payments, ensuring a steady revenue flow.

## Increase Fan Loyalty

Engage and retain your audience with **exclusive perks** like branded financial products. With Mbang's embedded banking, influencers can create fan-driven experiences that deepen relationships and encourage brand loyalty.

### ■ Branded debit cards:

Fans can carry a piece of your brand in their wallet, helping them feel more connected while supporting your business.

### ■ Loyalty programs:

Reward your most dedicated fans with points, discounts, or exclusive access based on their spending or engagement.

### ■ Personalized financial products:

Offer savings accounts or digital wallets tied directly to your brand for added engagement and community building.

## Streamline Your Operations

Leave the complexity of managing financial services to us. Mbanq's embedded banking solutions allow influencers to focus on content creation while we handle the behind-the-scenes operations like payment management, taxes, and compliance.

- **Automated payment tracking:**  
Keep tabs on your earnings without worrying about multiple platforms.
- **Tax reporting:**  
Simplify your tax processes with built-in reporting that meets legal requirements.
- **Security and compliance:**  
Mbanq ensures all transactions are secure and compliant with international regulatory standards, giving you peace of mind as you scale your brand.

## Empower Your Brand

With Mbanq's embedded banking solutions, influencers and YouTubers can become more than content creators—they can become financial hubs for their community. Imagine your fans not just consuming your content but also engaging with financial products branded in your name. Whether it's through your own neo bank or embedded banking features, you'll offer a deeper connection and new ways for fans to support your work.

### Neo Bank Option:

If you want full control and ownership over financial services, Mbanq can help you launch **your own Neo Bank**. We manage everything from back-office operations and compliance to license sponsorship, while you become the face of the bank. Offer your followers fully-fledged financial products like checking accounts, debit cards, and even loans—all branded under your name.

### Embedded Banking Option:

For influencers looking to integrate only specific financial tools, embedded banking offers flexibility. Add payments, subscriptions, and financial rewards to your existing platform, engaging your fans without the operational demands of a full-fledged bank.
