THE JOURNEY

Your Roadmap to Building a Game-Changing Fan Economy

Bringing your **own financial fan ecosystem** to life is an exciting journey. Here's how Mbanq makes it seamless, so you can focus on what you do best — creating, performing, and engaging with your fans.

1

Vision & Strategy Session

We kick things off with a deep dive into your brand, your fans, and your vision. This is where we map out how to turn your audience into an economy—integrating **financial services, fan engagement tools, and monetization strategies** to enhance engagement and revenue.

2

Tech & API Sync

Your ecosystem needs to run smoothly behind the scenes. Our team aligns all technical aspects, including payment systems, digital wallets, and fan rewards, to ensure seamless integration with your existing platforms.

3

Defining Your Fan-Driven Financial Experience

This is where we shape the details – custom debit & credit cards, branded wallets, premium tiers, and loyalty-based engagement tools. Everything is tailored to fit your brand while ensuring top-tier security and compliance.

4

Onboarding & Setup

We guide you step by step, handling all documentation and compliance so your financial ecosystem is built on a solid foundation. Weekly updates keep things transparent and on track.

5

Approval & Green Light

Your project is submitted for final approval, ensuring all regulatory and operational requirements are met. This step ensures your ecosystem is fully secure and compliant.

6

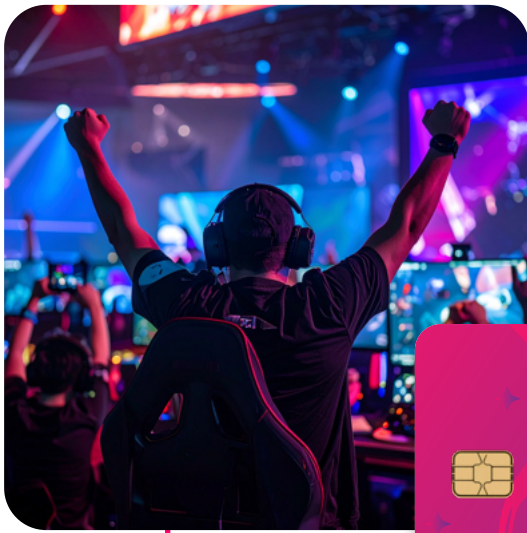

Test, Refine, Perfect

We run rigorous alpha and beta testing to make sure your financial platform is flawless before going live. Every feature—from payments to tokenized assets—is fine-tuned for a **polished fan experience**.

7

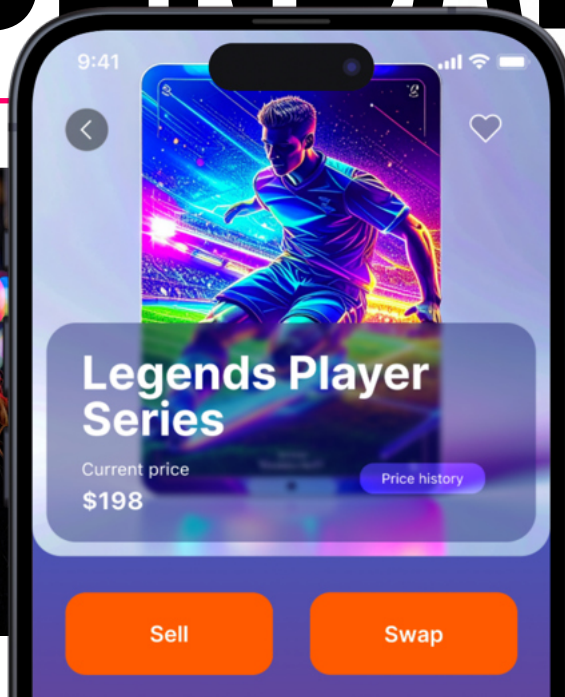

Your Financial Fan Ecosystem Goes Live

It's time to launch! Your fans now have access to **branded financial features, loyalty tools, and in-app fan experiences – all within your brand**. This is a **self-sustaining fan economy that fuels your success**.

MBANQ HANDLES THE TECH — YOU OWN THE EXPERIENCE

LET'S BUILD SOMETHING LEGENDARY

How a Financial Fan-Ecosystem Unlocks Engagement & Value for Fans

A **customized financial ecosystem** deepens the connection between fans and talents while creating **exclusive experiences and new ways to engage**.

1. Branded Fan Financial Services

Fans get access to **branded debit & credit cards, digital wallets, and payment solutions** designed for **events, merch, memberships, and digital content**. Every transaction earns rewards, discounts, and VIP perks.

2. Loyalty & Rewards Integration

Connect **fan club memberships** with financial services. Fans earn points and rewards for spending, unlocking **early access, gated content, and personalized rewards**.

3. Tokenized Music & Digital Collectibles

Offer **NFT-based merchandise, limited-edition collectibles, and tokenized content, digital perks, and exclusive assets**. Fans can own unique digital items tied directly to their favorite talents and moments.

4. Investment in the Artist's Success

Empower fans to financially support their favorite talents by **investing in exclusive campaigns, launches, or brand milestones**. Tokenized assets allow fans to participate in an artist's journey while sharing in the success.

FINANCIAL FAN FANS

5. Ticketing & Event Access

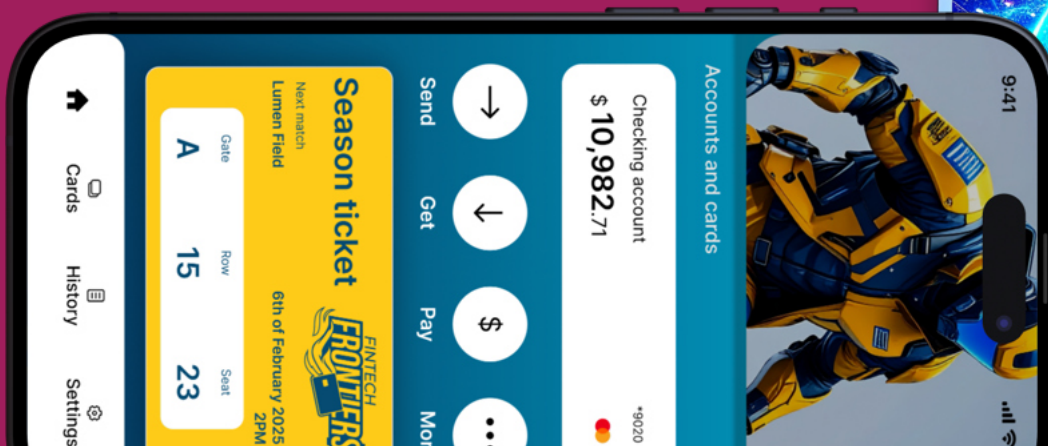

One-tap **access to digital or in-person events, upgrades, and experiences, and built-in insurance** make attending concerts and live events easier than ever. Fans get priority access and exclusive backstage opportunities.

6. Exclusive Fan Experiences & Perks

VIP access to **fan sessions, creator shoutouts, VIP hangouts, or digital unlocks, and personalized artist experiences** bring fans closer to their favorite talent.

7. Community & Philanthropy Engagement

Fans can **contribute to community-led causes, impact campaigns, and shared purpose initiatives, crowdfunding campaigns, and donation-matching initiatives**, strengthening the connection between fandom and meaningful impact.

How a Financial Fan-Ecosystem Empowers Sport Clubs, Teams & Creators

A **customized financial ecosystem** empowers talents to take control of their fan engagement, revenue, and brand while **unlocking new financial opportunities**.

1. Branded Creator Financial Tools

Talents can offer **fan-first cards, digital wallets, and loyalty-driven services** to create a self-sustaining fan economy.

3. Exclusive Merch & Digital Drops

Talents can create **limited-edition merchandise, NFT-based digital collectibles, and limited-edition merch, NFT collectibles, and tokenized content releases** that provide new revenue streams and direct fan engagement.

2. Royalty & Revenue Management

Mbanq streamlines **revenue, payout, and digital rights management** from streaming platforms, record labels, and performance rights organizations, ensuring **transparent and timely earnings**.

4. Experience & Event Management Services

A centralized system for **event logistics, content rollouts, or hybrid fan activations** simplifies operations while maximizing earnings. Integrated solutions ensure transparent financial insights.

FIN-ECOSYSTEM SPORT CLUBS, TEAMS & CREATORS

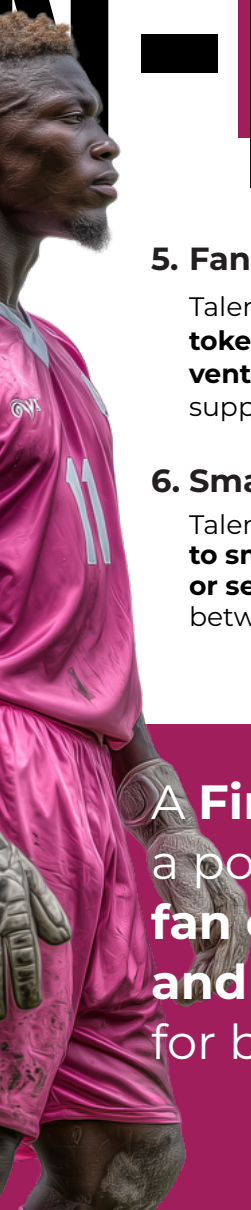

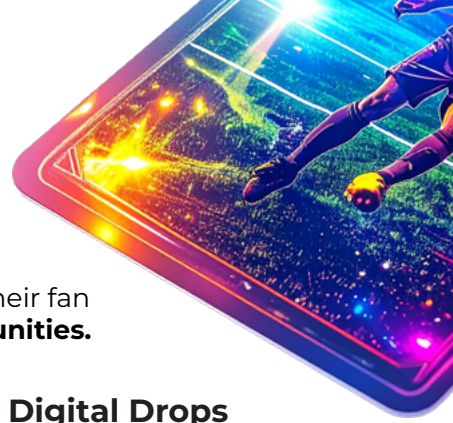

5. Fan-Based Campaigns & Funding

Talents can **launch fan-backed campaigns, tokenized projects, or limited-access ventures**, allowing fans to invest in and support their growth.

6. Smart Funding & Income Stability

Talents gain access to tailored **funding tools to smooth income cycles across releases or seasons** to manage income fluctuations between projects.

A **Financial Fan-Ecosystem** is a powerful tool for **monetizing fan engagement, building brand loyalty, and unlocking new revenue opportunities** for both fans and talents
